

SWEETGREEN

Future Growth Strategy

Smart Fridge Expansion · United Kingdom Market Entry

Kirstin Palasz, Ernesto Requeña, Sarah Steele, Avi Tahl

AGENDA

01

MOTIVATION

Longitudinal performance assessment & need for growth

02

CROSS-SECTOR DIVERSIFICATION

Smart Fridges: Expanding into non-store retail

03

INTERNATIONAL EXPANSION

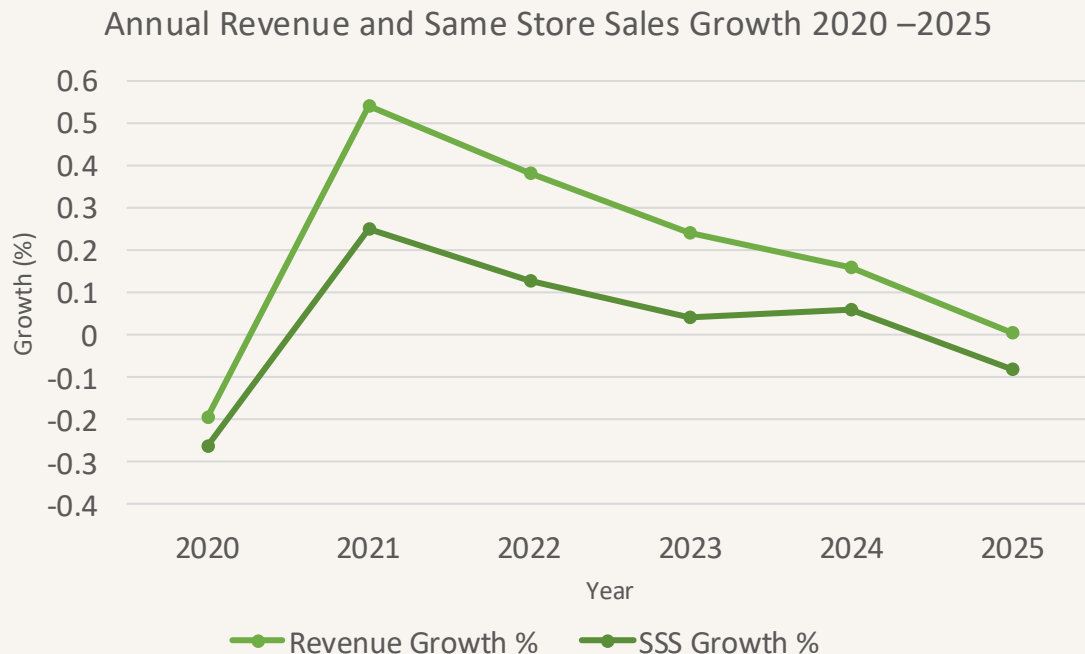

United Kingdom market entry strategy

04

THE CLOSE (CALL TO ACTION)

Recommended next steps

MOTIVATION: WHERE ARE WE?

\$679.5M

2025 Revenue

-\$134.1M

FY 2025 Net Loss

7.78%

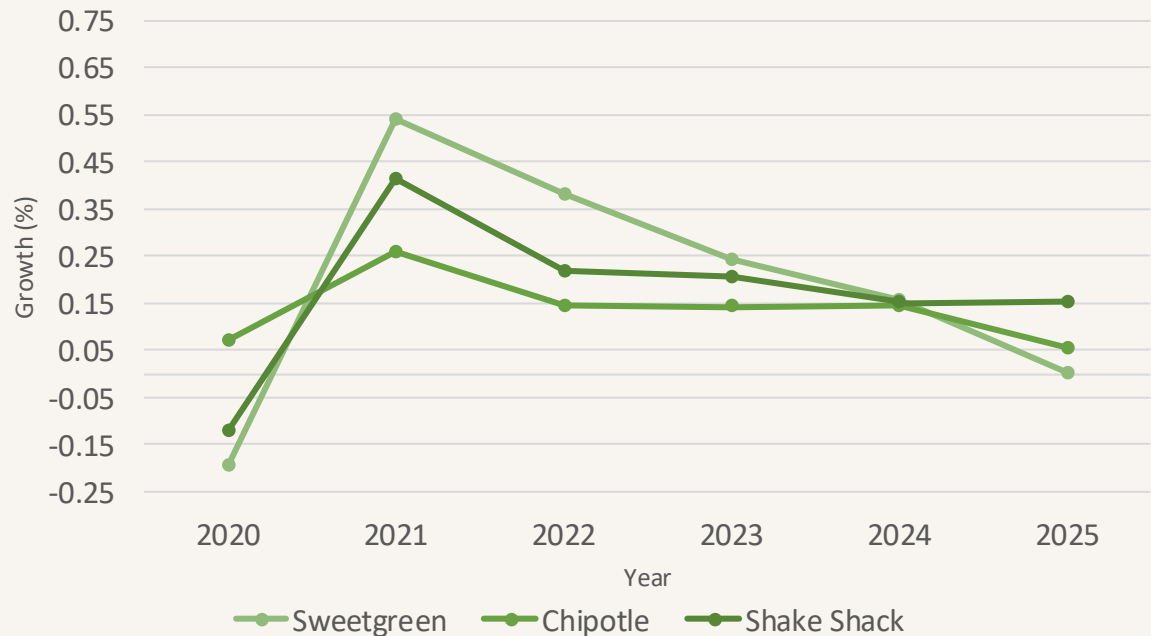

Est. 5 Year Revenue CAGR

-18.1%

2025 Operating Margin Loss

MOTIVATION: PEER COMPARISON

Peer Comparison: Annual Revenue Growth 2020 – 2025

Company	Net Ops. Margin '25	Unit Growth '25
Sweetgreen	-20.5%	14.5%
Chipotle	16.2%	9.5%
Shake Shack	22.5%	14.5%

Sweetgreen's revenue growth has trended downward (ex. 2025), and margins are negative; Sweetgreen needs to adjust strategy

WHY GROWTH: WHY NOW?

Persistent Losses

Consistent net losses since IPO →
Profitability strategy required

Limited Footprint

Only ~260 locations vs. Chipotle's
3,500+ → Increase physical presence

Brand Strength

Loyal urban customer base & premium
positioning → Platform for expansion

Tech Moat

Proprietary app & Infinite Kitchen AI →
Extraordinary resources for competitive
advantage

Market Timing

Healthy eating trend accelerating
globally → First-mover advantage
available

GROWTH IDEA 1: SMART FRIDGE NETWORK

Existing Capabilities

Fresh food production

Supply chain & logistics

Demand forecasting

Brand & app ecosystem

Kitchen infrastructure

New Market

Retail / grab-and-go

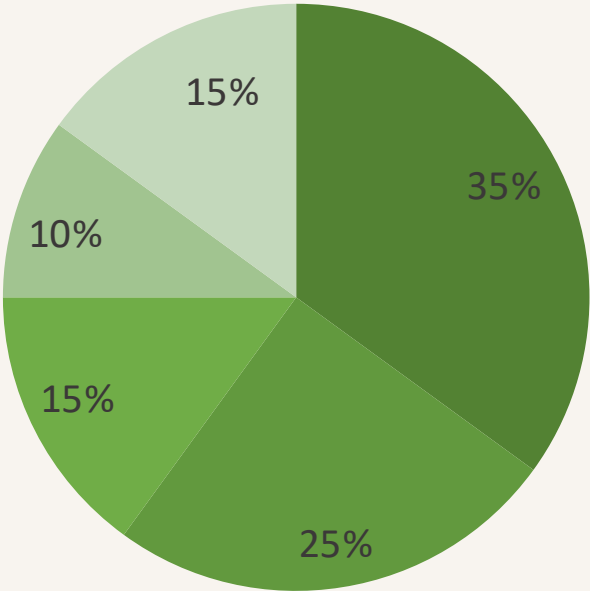

Convenience sector

Smart vending

MARKET OPPORTUNITY & COMPETITIVE LANDSCAPE

Health Focused Smart Fridge Segments
(\$~3.5B Market)

- Office/Workplace
- Transit Hub/Airports
- Healthcare
- Universities/Education
- Gyms/ Public Places

Competitor	Segment	Differentiator
Farmer’s Fridge	Healthy grab-and-go	2000+ locations
Fraîche	Office/Corporate	Chef created salads
Byte Foods	Workplace	Open-format kiosks

HOW WE WIN

Positioning

Premium, data-driven
vending machines

Market Gap

Scale + Technology + Brand

Ecosystem

New channels to complement
stores

Advantage

Supply Chain → fresher + cheaper

Brand → pricing power

Data → smarter inventory

Outcome

Higher Margins + Scalable Growth

AREAS OF INVESTMENT

Hardware & Procurement

Software & App Integration

Logistics & Distribution

Partnerships

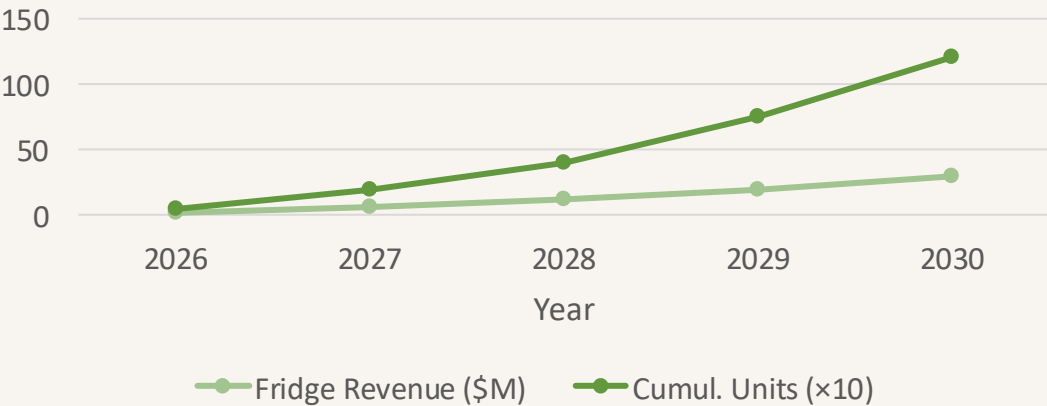

Data & Analytics

Brand & Marketing

5-YEAR ROLLOUT & FINANCIAL IMPACT

2026	2027	2028	2029	2030
Pilot Phase	Scale Phase	Expand	Optimize	Mature
50 fridges NYC & LA Airports	200 fridges Gym launch	400 fridges 15 markets Residential add	750 fridges 20 markets Data-driven SKU	1,200 fridges 30 markets

Projected Revenue & Fleet Growth

\$30M 2030 Revenue Target	15% Market Share Goal by 2030	~12% Operating Margin Target
--	--	---

GROWTH IDEA 2: UNITED KINGDOM EXPANSION

Source: IBISWorld via Statista 2024; GBP converted to USD at 1.27

English Language - no language barrier

\$33.7B Market (2028) - fast casual underrepresented in UK

Growing Health-Conscious Culture

Dense Cities - ideal market

CAGE DISTANCE ASSESSMENT

CCULTURAL

LOW RISK

- English-speaking with no language barrier
- Similar health & wellness culture
- Similar premium dining mindset (cities)
- Strong plant-based and health food culture

AADMINISTRATIVE

LOW RISK

- UK-US trade alliance; low food tariffs
- UK common law mimics US business law
- FDA & FSA regulatory alignment

GGEOGRAPHIC

MODERATE

- 5,500+ miles - potential US-sourced ingredients costly
- UK-sourced ingredients required (reduce tariff costs)
- Reasonable time zone gap (5 hrs)

EECONOMIC

MODERATE

- GDP per capita ~\$53K (vs US \$86K)
- Pound/Dollar volatility affects margins
- Strong premium consumer segment

Overall CAGE Assessment: LOW-MODERATE Distance - UK is among Sweetgreen's lowest-risk international options

INTEGRATION-RESPONSIVENESS FRAMEWORK

Global Standardization

Standardized (keep identical to US):

- Keep brand identity
- Infinite Kitchen technology
- Standardized app
- Us Marketing plan

Local Adaptations:

- Ingredient adaptation
- GBP pricing
- Partner with UK local suppliers

UK COMPETITIVE LANDSCAPE

Brand	Positioning	UK Locations (24/25)	Year Entered UK	Sweetgreen Overlap
Pret A Manger	Healthy fast casual	474	1986	HIGH - salads, wraps
Leon	Fast food, natural	46	2004	MEDIUM - mission alignment
Itsu	Asian fresh/healthy	83	1997	MEDIUM - different cuisine
Tortilla	Fast casual Mexican	81	2007	LOW - different menu
Chipotle UK	Fast casual	20	2010	MEDIUM - similar format
Wasabi	Sushi fast casual	41	2003	LOW - different cuisine

Sweetgreen's Differentiation: Infinite Kitchen, premium ingredient transparency, & app-driven loyalty; unique combination for UK

STRATEGIC OPTIONS SUMMARY

SMART FRIDGE NETWORK

Market:	\$3.5B US smart fridge/vending
Target Share:	15% by 2030
Fleet:	1,200 fridges by 2030
Revenue:	\$30M by 2030
Margin:	12% operating margin
Risk:	Moderate
Timeline:	2026–2030 rollout

UK EXPANSION

Market:	\$9.83B UK fast casual by 2028
Target Share:	<1%
Locations:	60+ UK sites by 2030
Revenue:	\$195.3M by 2030
Margin:	22% unit
Risk:	Low-Moderate
Timeline:	London 2026, national 2029

NEXT STEPS

- 01** Authorize Smart Fridge → 2026 airport launch
- 02** Commission UK market entry feasibility study → London, 2026 pilot
- 03** Create & assign dedicated innovation teams to develop execution strategies
